STATUS REPORT

Clean Transportation Policy Update **Hardison**

The Clean Transportation Policy Update provides information on key legislative and regulatory initiatives of potential interest to the MSRC. The report can be viewed at www.cleantransportationfunding.org.

CONSENT CALENDAR (Items 1 through 3)

Receive and Approve

1. Minutes for the April 5, 2018 MSRC-TAC Meeting **Cedillo**
Minutes to be distributed at the meeting.

Information Only - Receive and File

2. **MSRC Contracts Administrator's Report** **Ravenstein**
This report covers key issues addressed by MSRC staff, status of open contracts, and administrative scope changes from March 29, 2018 through April 25, 2018.
3. **Financial Report on AB 2766 Discretionary Fund** **Kampa**
Financial Report for March 2018. Financial Report for April 2018 to be distributed at the meeting if available.

ACTION CALENDAR (Items 4 through 12)

- 4. Consider 22-Month Term Extension by City of Claremont, Contract #ML16053 (\$498,750 – Implement “Complete Streets” Project) Ravenstein

The City requests a 22-month term extension due to a longer than anticipated design process to address unanticipated community and regulatory feedback.

- 5. Consider One-Year Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14023 (\$230,000 – Upgrade Westchester Maintenance Facility) Ravenstein

The County requests a one-year term extension due to unanticipated delays in obtaining Building Department approval of the HVAC design.

- 6. Consider One-Year Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14024 (\$230,000 – Upgrade Baldwin Park Maintenance Facility) Ravenstein

The County requests a one-year term extension due to unanticipated delays in obtaining Building Department approval of the HVAC design.

- 7. Consider One-Year Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14025 (\$300,000 – Install CNG Station in Malibu) Ravenstein

The County requests a one-year term extension due to longer than expected time needed for the Gas Company to connect the station to the meter. If the MSRC-TAC recommends the extension, staff recommends an additional five-year extension to allow for compliance with the five-year operational requirement.

- 8. Consider Modified Project Description by Los Angeles County Metropolitan Transportation Authority (Metro), Contract #MS18025 (proposed) (\$1,324,560 – Provide Special Bus and Train Service to Dodger Stadium) Ravenstein

Metro requests to modify the train service to be provided in support of “cross-town rivalry” games with the Los Angeles Angels of Anaheim. Because the games fall Friday through Sunday, Metro proposes the use of regular Metrolink service, rather than special service, for inbound riders on Friday, July 13. Metro further proposes that the special inbound service on July 14 and 15 will originate from Laguna Niguel rather than Oceanside. There are no changes proposed to the outbound service for any of the games.

FYs 2016-18 WORK PROGRAM

9. Consider Funding for Application Received under the Natural Gas Infrastructure Program **Marquez**

As an element of their FYs 2016-18 Work Program, the MSRC allocated \$4 million to fund new and expanded CNG and LNG refueling stations, as well as modifications to vehicle maintenance facilities and technician training. A Program Announcement was released on June 2, 2017. The MSRC has previously funded applications totaling \$1,056,500. The MSRC has received an additional application requesting \$100,000 from El Dorado National. The MSRC-TAC Infrastructure Subcommittee is reviewing the application and their recommendations will be brought forward at the meeting.

10. Consider Funding for Applications Received under the Local Government Partnership Program **Patchan**

As an element of their FYs 2016-18 Work Program, the MSRC allocated \$21,180,650 for a funding partnership with cities and counties to jumpstart implementation of the SCAQMD's 2016 Air Quality Management Plan. A Program Opportunity Notice was released on September 1, 2017. Per the Program Opportunity Notice, each city and county within SCAQMD that participates in the AB 2766 Subvention Fund Program has a funding allocation reserved for its use. The primary eligible project categories focus upon zero- and near-zero-emission vehicles and their supporting infrastructure, with a few additional categories open to the smallest jurisdictions. The MSRC has previously funded applications totaling \$5,863,716. Six additional applications, requesting a total of \$688,900, from the Cities of Pico Rivera, Mission Viejo, Torrance, Lomita, Chino Hills and Anaheim are being brought forward for consideration. The MSRC-TAC Local Match Subcommittee is reviewing the applications and their recommendations will be brought forward at the meeting.

11. Consider Work Plan Received under the CTC Partnership Program **Lynn**

As an element of their FYs 2016-18 Work Program, the MSRC allocated \$8,000,000 for a program to partner with the region's County Transportation Commissions (CTCs) to implement transportation-related air quality improvement projects within their respective jurisdictions. The MSRC approved a solicitation document in November 2017 seeking work plans from CTCs to partner with the MSRC. \$2,000,000 is reserved for each CTC. To date, the MSRC has approved awards totaling \$4,000,000. An additional work plan requesting \$2,000,000 has been received from Los Angeles County Metropolitan Transportation Authority (Metro) for the purchase of zero-emission transit buses. The TCM Subcommittee considered the work plan and recommends approval of a \$2,000,000 award to Metro.

AGENDA ITEM #4

Contract Modification Request by
City of Claremont

MSRC-TAC Agenda Item No. 4

DATE: May 3, 2018

FROM: Cynthia Ravenstein

SUBJECT: 22-Month Term Extension by City of Claremont, Contract #ML16053

SYNOPSIS: The City requests a 22-month contract term extension due to a longer than anticipated design process as part of the FYs 14-16 Local Government Match Program.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC Scope Changes Subcommittee will review the request, and their recommendations will be brought forward at the meeting.

DISCUSSION:

Contractor: City of Claremont

Project Title: Implement "Complete Streets" Project

MSRC Funding: \$498,750

Project Term: March 11, 2016 to July 10, 2018

Current Request: 22-month term extension

Previous Requests: None

Project Description: The MSRC awarded the City \$498,750 to implement a "Complete Streets" project, including the installation of pedestrian enhancements and Class II bicycle lane improvements. Project design has been completed and the project is out of bid; nothing has been paid to date on this contract.

Contract Request: The City indicates that additional feedback from project stakeholders, both community and regulatory, resulted in a longer than anticipated design process. The project is now out to bid. Construction is due to start in the fall and is anticipated to require one year. The City requests a 22-month contract term extension to complete the project.

VIA EMAIL

Dear Ms. Ravenstein:

The City of Claremont received funding approval through MSRC grant Contract No. ML 16053 to install Class II bicycle lane improvements within the City of Claremont along Foothill Boulevard from Towne Avenue to the County Line (east of Claremont Boulevard), as part of the Foothill Master Plan Complete Streets Project. This project also includes the construction of bulb outs, enhanced crosswalks, infill sidewalk, and enhancement of pedestrian lighting. The City of Claremont respectfully requests a 22-month extension in order to complete this project.

This grant was awarded in 2016, while the project was still in the design phase. At the time, the project was expected to move forward within a few months. However, certain circumstances caused unanticipated delays due to additional feedback received from project stakeholders.

The preliminary design of this project involved a lengthy community outreach process. Feedback from the community was incorporated into the project design. Additionally, the final design also addressed feedback received from a large number of stakeholders, including late feedback from the local watermaster, which was not built into the original design schedule. Feedback received from the watermaster required additional time to accommodate modifications to specific design features addressing MS4 Permit requirements.

Currently, this project is out to bid. Bids are anticipated to be opened in May 2018, with a projected schedule to award contract in July 2018. Construction is scheduled to commence fall 2018. Completion of this project is anticipated to take one calendar year. The 22-month extension will allow the City to complete the project, request reimbursement and close out the grant file.

We believe that the above conditions constitute extenuating circumstances beyond our control and, therefore, respectfully request the approval of the additional time referenced above.

Contract Modification Request by
County of Los Angeles, Department of Public Works

MSRC-TAC Agenda Item No. 5

DATE: May 3, 2018

FROM: Cynthia Ravenstein

SUBJECT: One-Year Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14023

SYNOPSIS: The County requests a one-year contract term extension, as part of the FYs 12-14 Local Government Match Program, due to unanticipated delays in obtaining Building Department approval of the HVAC design.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC Scope Changes Subcommittee will review the request, and their recommendations will be brought forward at the meeting.

Contractor: County of Los Angeles, Department of Public Works
Project Title: Upgrade Maintenance Facility in Westchester
MSRC Funding: \$230,000
Project Term: October 2, 2015 to September 1, 2018
Current Request: One-year term extension
Previous Requests: One-year term extension

Project Description: The MSRC awarded the County \$230,000 to upgrade their Westchester maintenance facility to accommodate the maintenance of gaseous fueled vehicles. Project design is complete, and construction is expected to commence this summer. Nothing has been paid to date on this contract.

Previous Requests: The County communicated that they encountered unexpected compliance issues associated with the Americans with Disabilities Act and a potential need for hazardous materials abatement. The County requested a one-year contract term extension and it was processed administratively.

Contract Request: The County indicates that they experienced unanticipated setbacks in obtaining Building Department approval of the HVAC design. They also discovered that the project budget exceeds their original estimate by a substantial amount, and they needed

additional time to secure funding for the shortfall. The County requests a one-year contract term extension to complete the project.

MSRC-TAC Agenda Item No. 7

DATE: May 3, 2018

FROM: Cynthia Ravenstein

SUBJECT: One-Year Term Extension by County of Los Angeles, Department of Public Works, Contract #ML14025

SYNOPSIS: The County requests a one-year contract term extension, as part of the FYs 12-14 Local Government Match Program, due to longer than expected time needed for the Gas Company to connect the station to the meter.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC Scope Changes Subcommittee will review the request, and their recommendations will be brought forward at the meeting. DISCUSSION:

Contractor: County of Los Angeles, Department of Public Works

Project Title: Install CNG Station in Malibu

MSRC Funding: \$300,000

Project Term: October 2, 2015 to July 1, 2018

Current Request: One-year term extension

Previous Requests: None

Project Description: The MSRC awarded the County \$300,000 to install a limited access CNG fueling station in Malibu. Installation is nearly complete, but the station must be connected to the gas meter and final systems tests performed before the station can be operational. Nothing has been paid to date on this contract.

Contract Request: The County indicates that obtaining the connection to the gas meter is taking longer than anticipated. The County requests a one-year contract term extension to complete the project.

The MSRC's FYs 2012-14 Local Government Match Program includes a five-year operational requirement for new and expanded natural gas fueling stations. When Contract #ML14025 was originally prepared, due to an error the term was set to cover the anticipated time for the station to become operational, but not sufficient to cover the five-year operational period. If the MSRC-TAC recommends approval of the one-year extension requested by the County, MSRC staff recommends approval of an additional five-year extension to allow for compliance with the five-year operational requirement.

AGENDA ITEM #8

Contract Modification Request by
Los Angeles County Metropolitan Transportation Authority (Metro)

MSRC-TAC Agenda Item No. 8

DATE: May 3, 2018

FROM: Cynthia Ravenstein

SUBJECT: Modified Project Description by Los Angeles County Metropolitan Transportation Authority (Metro), Contract #MS18025 (proposed)

SYNOPSIS: The MSRC awarded funding to Metro to provide special bus and train service to Dodger Stadium for 2018. The train service was to be provided in support of “cross-town rivalry” games versus the Los Angeles Angels of Anaheim. Because the games fall on the weekend, Metro proposes the use of regular Metrolink service, rather than special service, for inbound riders on Friday, July 13. Metro further proposes that the special inbound service on July 14 and 15 will originate from Laguna Niguel rather than Oceanside.

FINANCIAL IMPACT: None

RECOMMENDATIONS: The MSRC-TAC Scope Changes Subcommittee will review the request, and their recommendations will be brought forward at the meeting.

ATTACHMENTS: Contractor’s letter requesting modification

DISCUSSION:

Contractor: Los Angeles County Metropolitan Transportation Authority
Project Title: Provide Special Transit Service to Dodger Stadium for 2018
MSRC Funding: \$1,324,560
Project Term: Not yet executed
Current Request: Modify train service for “cross-town rivalry” games
Previous Requests: None

Project Description: The MSRC awarded Metro \$1,324,560 to provide special transit service to Dodger Stadium for 2018. The majority of the transit was to be by bus, but for cross-town rivalry games between the Dodgers and the Los Angeles Angels of Anaheim, special train service was to be used. A contract has not yet been executed to effectuate this award.

Contract Request: In prior years, the cross-town rivalry games fell mid-week. This season, the three games at Dodger Stadium will be Friday through Sunday. Metro indicates that subsequent to the MSRC’s award, they have discovered that railroad track scheduling conflicts

for these days prevent them from providing the service exactly as originally described. Metro proposes the use of regular Metrolink service, rather than special service, for inbound riders on Friday, July 13. Metro declares that the regular Friday Metrolink service on the Orange County line provides a good connection to the Dodger Stadium Express bus service—the aspect for which special service is most needed is outbound following the conclusion of the game. Metro further proposes for the inbound special service on July 14 and 15 to start from Laguna Niguel, rather than Oceanside. This is because the track is not available from Oceanside at the appropriate time. There would be no change in any of the outbound train service.

RE: MAJOR EVENT CENTER TRANSPORTATION PROGRAM: DODGER STADIUM EXPRESS
GRANT – REQUEST APPROVAL FOR CHANGE IN SCOPE OF WORK

Dear Grants Coordinator,

In January 2018, The Los Angeles County Metropolitan Transportation Authority (Metro), submitted and received approval for an application for funding from the Major Event Transportation Program to support public transportation to Dodger Stadium, during the 2018 baseball season. The application included a section in the Project Description associated with providing rail service through Metrolink to provide Tier 4 locomotives to transport fans from Orange County to Los Angeles to attend the cross-town rivalry between the Los Angeles Dodgers and the Los Angeles Angels of Anaheim. In past seasons, these games had occurred during weekday hours, which easily facilitated train assignments. The 2018 season has presented a unique situation in that the series falls on a Friday through Sunday game period. As a result, Metro and Metrolink would like to request review and approval of the following submission changing the existing scope:

Metrolink will offer special train service on the Orange County line from Oceanside and/or Laguna Niguel to Union Station, utilizing near-zero emission Tier 4 Locomotives, when the Dodgers play against cross-town opponents, the Los Angeles Angels of Anaheim at Dodger Stadium in 2018. The cost to ride the train is \$7 round trip. On Friday, July 13, passengers may ride a regular service train into Union Station and board a special train for outbound service to Oceanside. Saturday July 14, a special inbound service will be provided from Laguna Niguel to Union Station and a special outbound train to Oceanside. On Sunday, July 15, train service will be provided from Laguna Niguel to Union Station and a special train for outbound service to Oceanside. This special train service is made possible by support from the Mobile Source Air Pollution Reduction Review Committee.

Metro is appreciative of your consideration and is dedicated to maintaining our partnership with South Coast Air Quality Management District in reducing mobile source emissions, vehicle miles traveled, and the traffic congestion in the Los Angeles Basin as a direct result of providing the Dodger Stadium Express. Please feel free to contact Cathy Rosas with questions at (213) 922-2875 or rosasc@metro.net.

AGENDA ITEM #11

Consider Work Plan Received under the
CTC Partnership Program

MSRC-TAC Agenda Item No. 11

DATE: May 3, 2018

FROM: Kelly Lynn, MSRC-TAC TCM Subcommittee Chair

SUBJECT: Work Plan Received under the CTC Partnership Program

SYNOPSIS: As an element of their FY 2016-'18 Work Program, the MSRC allocated \$8.0M to implement projects that have potential to enhance mobility while improving air quality in the South Coast District. The MSRC Program seeks to enter into partnerships with the County Transportation Commissions that have historically taken the lead in implementing mobility improvement strategies. The MSRC has targeted \$2.0M per County in MSRC **Clean Transportation Funding™** to be administered by each county's respective Transportation Commission.

The Los Angeles County Metropolitan Transportation Authority (Metro) has submitted an application seeking to apply their \$2.0 million CTC Partnership funding allocation towards the purchase of forty (40) zero-emission articulated transit buses. The zero-emission buses will be deployed on the Metro Orange Line Bus Rapid Transit (BRT) system. The total project cost is approximately \$80,003,282.

The TCM Subcommittee recommends that the MSRC-TAC approve this funding request in the amount of \$2.0M.

WORK PROGRAM IMPACT: The MSRC has allocated \$8.0M in FY 2016-'18 Discretionary Funds to implement the CTC Partnership Program.

PROJECT OVERVIEW: In October 2016, Metro's Board of Directors directed staff to develop an implementation plan to use all electric buses on the Metro Orange Line (MOL) Bus Rapid Transit (BRT) by 2020. In support of this, forty (40) 60-foot articulated zero emission (ZE) New Flyer buses, charging equipment, and infrastructure upgrades will be procured to convert the Metro Orange Line (MOL) to zero emission operation. The conversion of the MOL to 100% ZE operations is the first step in conversion of the entire Metro bus fleet to zero emissions by 2030.

As an element of this project, Metro has committed to procure forty 60' ZE buses from New Flyer, negotiate and establish service contracts with third-party energy utilities and PUC, perform electrification upgrades of facilities, and construct additional necessary infrastructure under separate public works procurements. The project qualifies for categorical exclusion/exemptions for NEPA/CEQA, and no community opposition took place due to the usage/storage of the buses at Metro division locations in largely heavy commercial or industrial zones.

PROPOSED BUDGET:

Bus Acquisition:	\$54,078,644
Charging System Installation:	\$7,808,000
Professional Services:	\$400,000
Labor, Travel, Administration:	\$2,689,000
Spare Parts, Manuals, Charging Equipment:	\$13,873,638
Contingency:	\$1,177,073
Total Project:	\$80,003,282

The \$2M MSRC CTC Partnership funds will be applied to the purchase of the first ZE buses until those funds are exhausted. Since these vehicles are contracted under a competitive procurement, Metro has been assured of realizing the most current competitive pricing available.

TCM SUBCOMMITTEE RECOMMENDATION: The MSRC-TAC-TCM Subcommittee reviewed this funding request and recommends approval.
